# CTA<sup>TM</sup> HealthFuture Summit

Hosted by the Consumer Technology Association (CTA)<sup>®</sup>, producer of CES<sup>®</sup>, the **HealthFuture Summit**, being held April 28-29, 2026 in San Francisco, CA, explores how emerging health technologies shape every moment of our daily lives, from sleep and nutrition to movement, mental well-being, and stress management.

Through sessions spanning topics such as sleep tech, digital nutrition, activity monitoring, hearing tools for mental health, digital mindfulness, and interoperable health systems, the Summit highlights how innovation is transforming everyday wellness.

## CTA HEALTHFUTURE SUMMIT 2025 STATS

Held in Boston, MA, the 2025 event brought together over 65 attendees representing a wide range of health technology ecosystem leaders and decision makers. Attendees represented a diverse range of perspectives including providers, payers, small and large technology companies, and health associations.

In partnership with the Digital Medicine Society (DiMe), the HealthFuture Summit brought together the digital health community to explore technology's critical role in transforming healthcare for providers and patients through engaging sessions and networking opportunities. Topics included meaningful discussions exploring digital solutions for home health and nutrition, AI-driven systems for health services, and more.
